Deposit and withdraw in Bitcoin, the world's first cryptocurrency.

### Processing time

**Deposits:**  
Funds available as soon as confirmed

**Withdrawals:**  
Subject to internal checks

### Min deposit

No minimum

### Min withdrawal

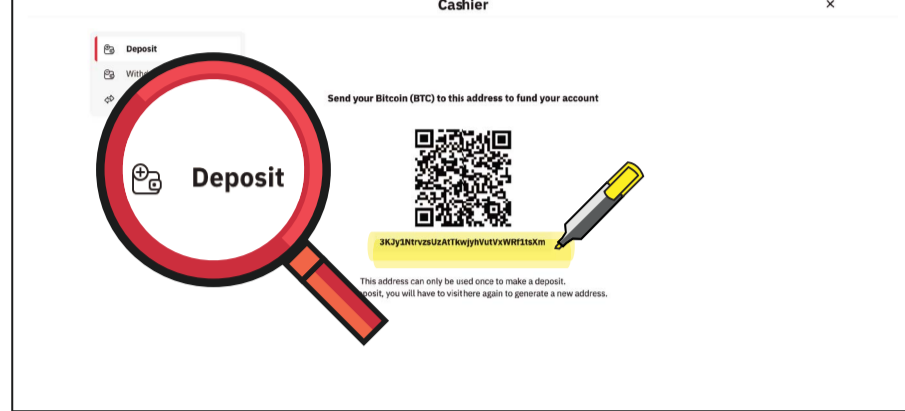

Equivalent to 25 USD

## How to make a deposit

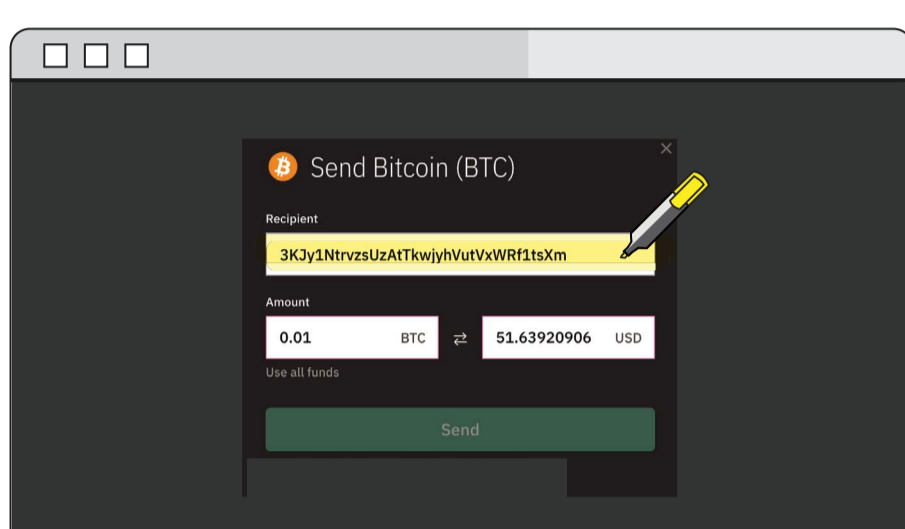

**Step 1** Log in to your Deriv BTC account and click on Cashier.

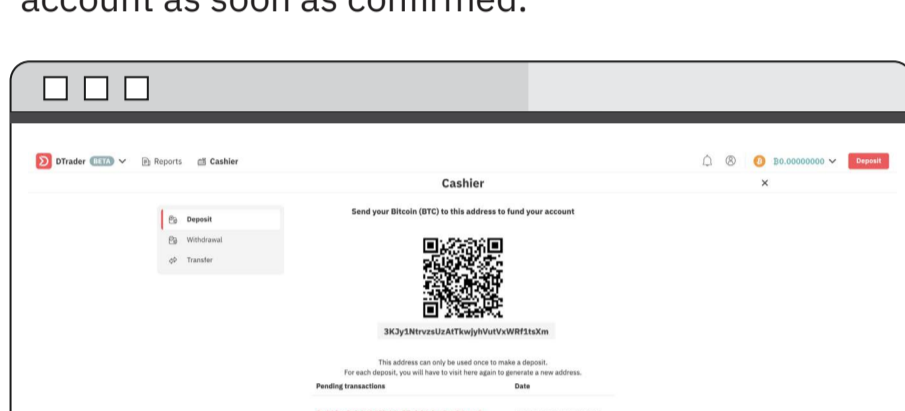

**Step 2** Select Deposit and copy your BTC wallet address.

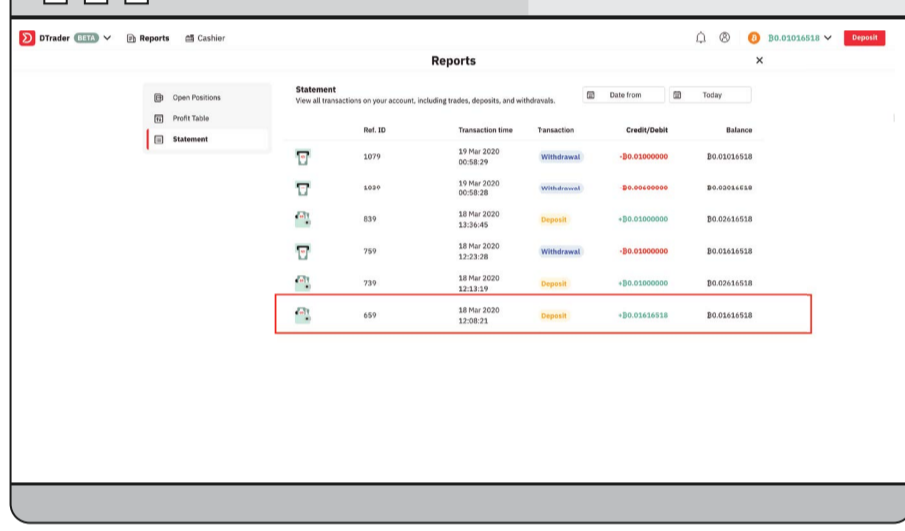

**Step 3** Paste your BTC wallet address into your blockchain wallet as shown below.

**Step 4** You will then see the transaction as pending. Your funds will be available in your BTC account as soon as confirmed.

**Step 5** You can view the successful deposit in your Deriv account statement.

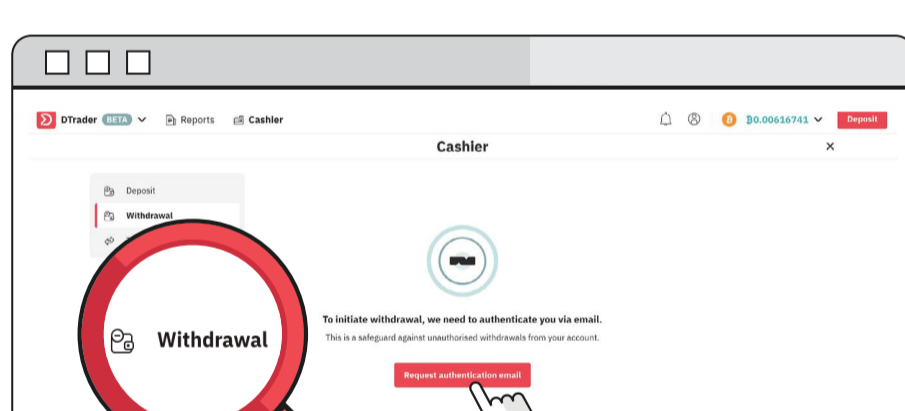

## How to make a withdrawal

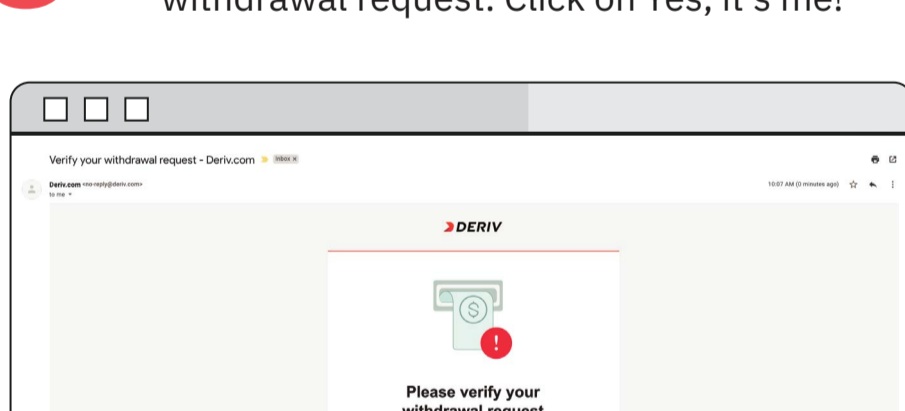

**Step 1** Log in to your Deriv BTC account and go to Cashier.

**Step 2** Select Withdrawal and click on Request authentication email.

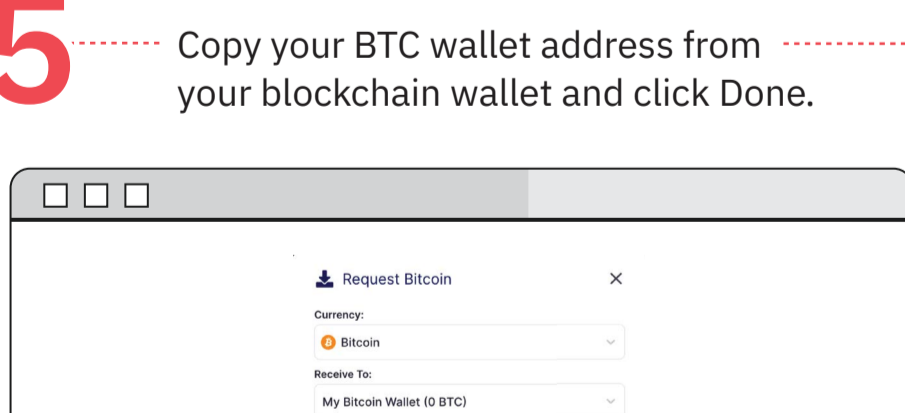

**Step 3** You will receive a verification email for the withdrawal request. Click on Yes, it's me!

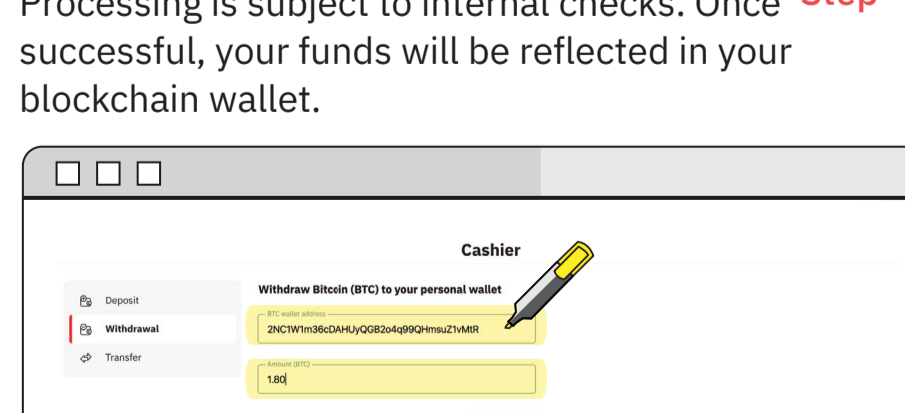

**Step 4** You will be redirected to the Deriv cashier. Enter your BTC wallet address, the amount you wish to withdraw, and click on Withdraw.

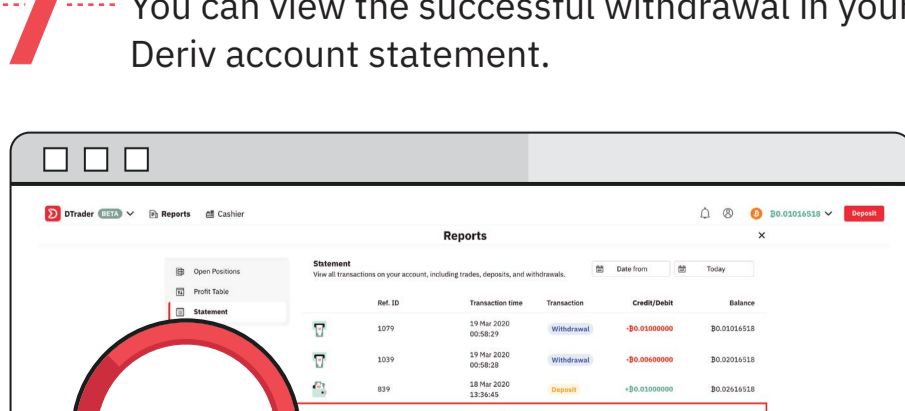

**Step 5** Copy your BTC wallet address from your blockchain wallet and click Done.

**Step 6** You will then see the transaction as pending. Processing is subject to internal checks. Once successful, your funds will be reflected in your blockchain wallet.

**Step 7** You can view the successful withdrawal in your Deriv account statement.
